Ing. Giuseppe Bellotti

## 1. Description of personal protective equipment:

PPE Category: second category

Type of PPE: safety footwear for professional use according to EN ISO 20345:2004 standard

Design: A - Low shoe

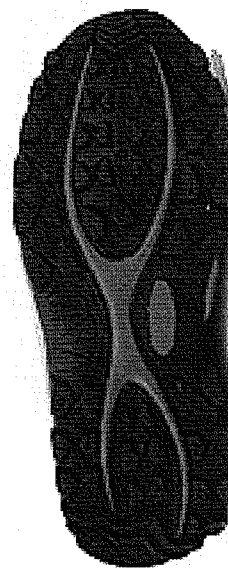

Classification: I - Footwear made from leather and other materials, excluding all-rubber or all-polymeric footwear

Size range: from 38 to 47 (French size)

Identification of last: V202693

Manufacturing process: Cemented construction

The footwear has a removable insock cod. "VSFF20"

**2. The tests and the examinations to verify the conformity of the article (in compliance with art. 10 of Directive 89/686/CEE) are performed applying the following harmonized standards and the Directive 91/338/CEE of 18<sup>th</sup> June 1991, 2002/61/CEE of 19<sup>th</sup> July 2002 and 94/27/CE of 30<sup>th</sup> June 1994:**

- EN ISO 20344:2004 – Personal protective equipment – Test methods for footwear.
- EN ISO 20345:2004 – Personal protective equipment – Safety footwear.

**3. The results of tests and examinations are contained in the following test reports:**

C.I.M.A.C.	RP 20074095	dated 12 <sup>th</sup> September 2007
C.I.M.A.C.	RP 20074096	dated 12 <sup>th</sup> September 2007

**4. Requirements of the personal protective equipment:**

The low shoe art. "BIZ 730" complies with:

the basic requirements for safety footwear specified in table 2 of EN ISO 20345:2004 standard;

the additional requirements for special applications specified in table 14 of EN ISO 20345:2004 standard:

(Category S3)

- heel area closed;
- antistatic properties;
- energy absorption of seat region;
- water resistant upper;
- penetration resistance of sole complex;
- fuel oil resistant outsole;
- raised ridges under outsole.

The leather and/or textile components of the footwear comply with what prescribed by the Directive 2002/61/EEC relating to restrictions on the marketing and use of certain dangerous substances and preparations (azocolourants).

## 5. Marking of the personal protective equipment:

The following information is provided on the inner side of the footwear:

- the "CE" mark
- date of manufacture (month and year)
- manufacturer's type designation: BIZ 730
- the number and year of the reference European standard: EN ISO 20345:2004 (see notes)
- the symbols appropriate to the protection provided: S3 (see notes)
- size.

On the tongue is provided:

- manufacturer's identification mark: "BIZLINE".

## 6. Notes:

- The manufacturer is the one assuming the responsibility of design and fabrication of a product included in the Directive, in order to throw it in the market.
- The marking for the number and year of the reference European standard and the symbols appropriate to the protection provided should be adjacent to one another.
- This EC Type-Examination Certificate must be kept by the manufacturer, in order to produce it, on request, for the control body or safety control administration.
- The content of this EC Type-Examination Certificate is referred to the tested personal protective equipment only.
- This EC Type-Examination Certificate may be integrally duplicated; the copy must be faithful, legible (if pint size) and must contain the bold caption "TRUE COPY".
- The manufacturer should inform ANCI Servizi srl – Sezione CIMAC for any modification to the product, to the place/process of manufacturing and, if relevant (III category PPE), to the quality system if this compromises the conformity of the product to the essential requirements or other provisions of the Directive 89/686/EEC.
- The manufacturer should report all the complaints relating to the conformity of the certified product to the requirements of the reference harmonized standards and supply these reports on request of ANCI Servizi srl – Sezione CIMAC.
- The manufacturer should implement appropriate corrective actions when nonconforming product to the essential requirements of the EC certification are identified.
